

Golden Retriever Stud Service Agreement
Sleepy Morning Goldens, LLC

Stud Dog Information:

Registered name: Navalis Ivanhoe

Registration #: AKC SS07398801

Call Name: Moose

STUD FEE (covers 2 breedings, with same Dam, in same season)

- () \$1,000 paid as a Deposit, with Balance to be paid upon Litter whelping
- () First pick Puppy Male/Female, to be determined by Stud Dog Owner

The fee for this service is \$3,000 with the amount of \$1,000 to be paid at time of breeding as a deposit, with the balance of \$2,000 due upon the resulting Litter. Litter registration papers will not be signed unless Stud Fee and any associated veterinary or other agreed upon expenses are paid in full.

OTHER CONSIDERATIONS: If puppy pick is agreed upon payment, Stud Dog Owner(s) will choose said puppy at 7 weeks of age, before any puppies from said litter have left the Dam owner's residence, after examination of litter by Stud Dog Owner(s). Said puppy will carry the Stud Owner's kennel name as a prefix.

DEFINITION OF "LITTER": A Litter, for the purposes of this Contract, is defined as a minimum of 2 puppies born alive.

STUD DOG OWNER AGREES TO:

- 1) Provide a four-generation pedigree of the above-named Stud Dog; (k9data is acceptable)
- 2) Provide copies of any OFA or other clearances or testing results that have been performed on the Stud Dog; (k9data is acceptable)
- 3) Sign Litter Registration promptly upon payment in full of Stud

DAM OWNER AGREES TO:

- 1) Provide documentation of AKC papers, acceptable OFA or PennHip, normal elbow clearance, cardiologist clearance and current eye clearance of said Dam; (k9data is acceptable)
- 2) Pay the agreed Stud Service Fee Deposit upon arrival to Stud Dog Owner;
- 3) Pay the Balance of the Stud Fee upon birth of Litter resulting from this Breeding;
- 4) Provide a four-generation pedigree of the Dam to be bred; (k9data is acceptable)
- 5) Provide documentation of a current clear Brucellosis screening;
- 6) Provide documentation of a clear vaginal culture. This is to protect both the Stud and the Dam. Further it is suggested that the culture be done far enough in advance to allow treatment of any problems with antibiotics before the Breeding. Dam Owner shall be liable for any loss of Stud Dog's future services due to Dam Owner's concealment of health problems;
- 7) Arrive with the Dam in good health, free of parasites or infections, and in season;

Golden Retriever Stud Service Agreement
Sleepy Morning Goldens, LLC

- 8) The owner of the Dam warrants that this Dam has not been exposed to any stud dog prior to her arrival and that she will be protected from such exposure after her return home;
- 9) Notify Stud Dog Owner in writing, no later than 70 days after Breeding, if no pregnancy results from the mating. Failure to do so will result in no return service being provided;
- 10) Agrees to not knowingly sell or transfer puppies resulting from this Breeding to any person or firm connected with the business of resale or wholesale of dogs;
- 11) Pay any and all veterinary and financial arrangements, including, but not limited to, AI, TCI, emergency vet care related to this Breeding, etc.

OTHER AGREEMENTS: Dam Owner is responsible for all testing done to the Dam prior to and during Breeding to assure the proper timing of said Breeding. If Stud Dog performs naturally and for some reason the Dam Owner asks for artificial insemination or the Dam cannot be bred naturally, Dam Owner is responsible for cost of said process. If Dam Owner is not willing to pay for progesterone testing, smears or AI's, this should be stated ahead of time and included in the contract initialed by both parties. If this is the case, if no puppies result, the deposit is forfeited, and no repeat breeding is offered.

The Dam must be brought to the home of the Stud for breeding purposes and then return home with the Dam owner each day after one mating has occurred.

No puppies resulting from the breeding may be sold as full registration. The Dam owner may keep a puppy back from said litter, as part of their program. If said puppy is used for breeding purposes, the Dam owner will be responsible for compensation to Stud owner, in the amount of \$2000.00 (*Two Thousand Dollars*) per puppy whelped. Should this part of the contract be ignored, Stud Dog Owner will pursue this clause in a court of law, with all related legal expenses incurred by Stud Dog Owner being paid by Dam Owner. Further, Stud Dog Owner requires that no puppies sired by this Stud Dog are sold outside the United States unless expressed permission is given in writing by same.

CHILLED OR FROZEN SEMEN: If Dam Owner elects to have fresh, chilled, or frozen semen shipped to the Dam, the entire cost is that of the Dam Owner. This fee is in addition to the Stud Fee. Litter papers will not be signed until the remainder of the Stud Fee and the entire cost of the Chilled/Frozen semen expenses are paid in full. If breeding does not take, Dam Owner is still responsible for the cost of the Chilled/Frozen semen expenses. Further, if semen was drawn and has arrived in good shape and Dam Owner does not wish to repeat the breeding, the original deposit will serve as the fee for the original breeding plus any out-of-pocket expenses Stud Dog Owner has incurred, and this contract will be null and void. Should Dam Owner choose to do a second breeding, the remainder of the Stud Fee is due prior to a second breeding.

ADDITIONAL: Dam Owner agrees to provide Stud Dog Owner with a list of names and addresses of owners of puppies resulting from this breeding along with the AKC names and numbers of each puppy. Puppies are sold at the discretion of the dam owner. If a puppy is deemed fit for a pet puppy only, limited registration papers with a spay/neuter contract will be utilized. Stud Dog Owner understands that most breeders sell puppies with a first right of refusal clause. Stud Dog Owner would appreciate being informed of puppies that are returned for any reason. An effort will be made on the Stud Dog Owner's part to help Dam Owner find a new home for said puppy. Stud Dog Owner wishes Dam Owner to understand that he/she takes the breeding of said Stud Dog very seriously and will be very interested

in the puppies resulting from this litter for their entire lifetime. Stud owners agrees to accept returned puppies if the Dam Owner is unable to at that time.

ADDITIONS/EXCEPTIONS/ETC. By this Contract it is specifically agreed that the Stud Dog Owner is not obligated to sign the application for Litter Registration until, and unless, the Stud Fee and any other related financial arrangements have been paid in full, or, in the case of a puppy-back agreement (in lieu of Stud Fee), the Stud Dog Owner has taken possession of the puppy as previously agreed. I understand the above written Contract and agree to abide by all sections both typed and written. Both parties agree to all of the above agreements and terms.

To ensure the owners of the Dam has read and does indeed understand the conditions of this contract as set forth herein, please sign and date below.
